CRITICAL INCIDENT POLICY & PLAN

Introduction

St. Malachy's Glencull Primary School aims to protect the well being of its pupils and staff by providing a safe and nurturing environment at all times.

The Governors and staff of St. Malachy's Glencull Primary School recognise a critical incident to be "an incident or sequence of events that overwhelms the normal coping mechanism of the school". Critical incidents may involve one or more pupils or staff members, or members of our local community.

Types of incidents might include:

- The death of a member of the school community
- An intrusion into the school
- An accident involving members of the school community
- An accident/tragedy in the wider community
- Serious damage to the school building through fire, flood, vandalism, etc
- The disappearance of a member of the school community.

Aim

The aim of the CIM Plan is to help school management and staff to react quickly and effectively in the event of an incident, to enable us to maintain a sense of control and to ensure that appropriate support is offered to pupils and staff. Having a good plan should also help ensure that the effects on the pupils and staff will be limited. It should enable us to effect a return to normality as soon as possible.

Creation of a coping supportive and caring ethos in the school

Our curriculum and pastoral care arrangements aim to help and support both staff and pupils, thus preparing them to cope with a range of life events. These include measures to address both the physical and emotional needs of the school community.

Physical Needs

- Evacuation plan formulated
- Regular fire drills occur
- Fire exits and extinguishers are regularly checked
- Public access gates are locked during school hours (9.15-3.15)
- School access gates are security locked during class time
- Rules of the playground are agreed and known by the school community

Emotional Needs

The Governors and staff of St. Malachy's Glencull aim to use available programmes and resources to address the personal and social development of pupils, to enhance a sense of safety and security in the school and to provide opportunities for reflection and discussion. Further details can be found within other relevant policies such as Pastoral Care, Child Protection and Anti-bullying.

- Consultation has taken place with the whole school community as the Policy and Plan have been developed
- Staff have accessed training from the EA southern Area EA Pupil Personal Development Team as the policy has been developed.
- Staff are familiar with the Child Protection Guidelines and Procedures and details of how to proceed with suspicions or disclosures
- Books and resources on difficulties affecting the primary school pupil are available
- Emotional health and well-being is an integral part of the school curriculum
- The school may use a range of external agencies for support
- Inputs to pupils by external providers are carefully considered in the light of criteria about pupil safety, the appropriateness of the content, and the expertise of the providers.
- The school has a clear policy on anti-bullying and deals with bullying in accordance with this policy.
- There is a comprehensive Pastoral Care System in place in the school.
- Pupils who are identified as being at risk are referred to the designated staff member, concerns are explored and the appropriate level of assistance and support is provided. Parents are informed, and where appropriate, a referral is made to an appropriate agency.
- Members of staff are informed about how to access support for themselves.

Critical Incident Management Team (CIMT)

A CIMT has been established in line with best practice. Members bring a wealth of experience and expertise to the team and were selected on a voluntary basis and will retain their roles for at least one school year. The members of the team will meet every two years and after an incident to review and, if necessary, update the policy and plan. The Pastoral Care folder contains a copy of the policy to be used in the event of an incident.
